RBS Oil Trendpilot Exchange-Traded Notes

TWTI 78009P127

Information on the Notes

The Royal Bank of Scotland N.V. (the "Issuer") has issued Exchange Traded Notes ("ETNs" or "Notes") linked to the RBS Oil Trendpilot Index (USD) (the "Index"). The Notes were priced at \$25. The ETNs do not pay any interest during their term and do not guarantee any return of principal at maturity or upon redemption.

The return on the ETNs will be based on the performance of the Index during the term of the ETNs. The Index utilizes a systematic trend-following strategy to provide exposure to either the RBS 12-Month Oil Total Return Index (USD) or the yield on a hypothetical notional investment in 3-month U.S. Treasury bills as of the most recent weekly auction, depending on the relative performance of the RBS 12-Month Oil Total Return Index (USD) on a simple historical moving average basis.

The RBS 12-Month Oil Total Return Index (USD) utilizes a rules-based methodology to provide exposure to a hypothetical notional investment in a series of twelve (12) light sweet crude oil (WTI) futures contracts that are traded on the New York Mercantile Exchange ("NYMEX"). The twelve (12) futures contracts comprising the RBS 12-Month Oil Total Return Index (USD) on any given day will be the futures contract scheduled to expire in the immediately following calendar month and futures contracts scheduled to expire in each of the eleven months thereafter. The RBS 12-Month Oil Total Return Index (USD) is rebalanced on a monthly basis so that each of the twelve (12) futures contracts is equally weighted upon each rebalancing.

If your ETNs have not previously been repurchased or redeemed by RBS, at maturity investors will receive a cash payment equal to the daily redemption value of the ETNs on the final valuation date (subject to postponement if the final valuation date is not a trading day or a market disruption event exists on the final valuation date).

The daily redemption value as of the inception date is equal to the stated face amount of \$25.00 per ETN. For any valuation date thereafter, the daily redemption value per ETN is equal to (a) the daily redemption value on the immediately preceding valuation date, multiplied by (b) the index factor on such valuation date, multiplied by (c) the fee factor on

such valuation date. RBS Securities Inc. (the "calculation agent") will determine the daily redemption value on each valuation date.

The index factor on any valuation date, including the final valuation date, will be equal to the Index closing level on such valuation date, divided by the Index closing level on the immediately preceding valuation date.

The fee factor on any valuation date, including the final valuation date, will be equal to one minus the investor fee, which is the product of (a) the annual investor fee and (b) the day-count fraction.

The annual investor fee will be equal to (a) 1.10% per annum when the Index is tracking the Benchmark Index and (b) 0.50% per annum when the Index is not tracking the Benchmark Index, and instead, is tracking the Cash Rate.

Please see the prospectus for the Notes for more details regarding the calculations and details regarding the Index.

It is expected that the market value of the Notes will depend substantially on the value of the Index and may be affected by a number of other interrelated factors including, among other things: the general level of interest rates, the volatility of the Index, the time remaining to maturity, the dividend yield of the stocks comprising the Index, and the credit ratings of the Issuer.

Trading in the Notes on NASDAQ is on a UTP basis and is subject to NASDAQ equity trading rules. Trading in the Notes on BX is on a UTP basis and is subject to BX equity trading rules. Trading in the Notes on PHLX's PSX system is on a UTP basis and is subject to PHLX rules. The Notes will trade on NASDAQ from 7:00 a.m. until 8:00 p.m. Eastern Time. The Notes will trade on BX from 8:00 a.m. until 7:00 p.m. Eastern Time. The Notes will trade on PSX from 9:00 a.m. until 5:00 p.m. Eastern Time. For trading during each market's pre-market and post-market sessions, market participants should note that additional risks may exist with respect to trading the Notes during these sessions, when the underlying index's value or similar value may not be disseminated.

NASDAQ will halt trading in the Notes in accordance with NASDAQ Rule 4120. BX will halt trading in the Notes in accordance with BX Equity Rule 4120. PHLX will halt trading in the Notes in accordance with PHLX Rule 3100. The grounds for a halt under each of these rules include a halt by the primary market because the value of the underlying index or a similar value is not being disseminated as required, or a halt for other regulatory reasons. In addition, NASDAQ, BX and PHLX will also stop trading the Notes if the primary market delists the Notes.

Trading of the Notes on NASDAQ is subject to the provisions of NASDAQ Rule 2310. Trading of the Notes on BX is subject to the provisions of BX Rule 2310. Members recommending transactions in the Notes to customers should make a determination that the securities are suitable for the customer. In addition, members must possess sufficient information to satisfy the "know your customer" obligation that is embedded in the NASDAQ Conduct Rules and BX Conduct Rules.

Members and member organizations recommending transactions in the Notes to customers should make a determination that the recommendation is suitable for the customer, as provided by PHLX Rule 763.

Nasdaq members, BX members and PHLX members and member organizations should also review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

This Information Circular is not a statutory prospectus. NASDAQ members, BX members and PHLX members and member organizations should consult the registration statement or prospectus for the Notes for additional information.
