AlphaMark Actively Managed Small Cap ETF

SMCP 26922A834

BACKGROUND INFORMATION ON THE FUND

ETF Series Solutions (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the AlphaMark Actively Managed Small Cap ETF (the “Fund”). The shares of the Fund are referred to herein as “Shares.”

The Fund seeks long-term growth of capital.

The Fund is actively managed and invests primarily in equity securities of small cap companies listed on a U.S. exchange and selected by AlphaMark Advisors, LLC, the Fund’s investment adviser (the “Adviser”). Under normal circumstances, the Fund will invest at least 80% of its net assets (plus any borrowings for investment purposes) in equity securities of small cap companies listed on a U.S. exchange.

The Fund defines “small cap” companies as companies with a total market capitalization of less than \$5 billion at the time of purchase, although the Adviser expects to generally focus on companies with market capitalizations of between \$150 million and \$2 billion at the time of purchase.

The Fund defines “equity securities” to include common and preferred stock, American Depositary Receipts (“ADRs”), real estate investment trusts (“REITs”), and exchange-traded funds (“ETFs”). Investments in ETFs that, under normal circumstances, invest at least 80% of their net assets (plus any borrowings for investment purposes) in equity securities of small cap companies (“Small Cap ETFs”) will count toward the Fund’s 80% investment policy. The Fund may invest up to 30% of its net assets in foreign equity securities of small cap companies traded on a U.S. exchange as ADRs, which may include companies in emerging markets.

The Adviser seeks to invest in companies with a proven history of consistent growth, sustainable earnings momentum and the ability to produce a reliable stream of cash flow during all economic

cycles. The Adviser uses a “bottom-up” internal stock screening process designed to identify companies that produce reliable cash flow streams and are priced at a level that provides for growth opportunity. An assessment of secular trends in the markets and the economy will exert some influence on the economic sector weightings of the Fund’s portfolio.

The Adviser’s screening process narrows the small cap growth universe to approximately 150 stocks. These companies are then subjected to further fundamental analysis, including the following:

- Market return on equity;
- Sufficiency of cash flow to cover capital spending;
- Operating margin relative to price/sales;
- Financial statement review, focusing on true equity value; or
- Enterprise value review and management review, including factors such as insider trading, stock option distribution and share buy backs.

The Adviser expects that there will generally be between 25 and 40 stocks in the Fund’s portfolio. The Fund is non-diversified and therefore may invest a larger percentage of its assets in the securities of a single company than diversified funds. The portion of the Fund’s net assets invested at any given time in securities of issuers engaged in industries within a particular sector is affected by valuation considerations and other investment characteristics of that sector. As a result, the Fund’s investment in various sectors may change significantly over time.

The Fund may invest in Small Cap ETFs to gain market exposure while the Fund builds a position in one or more specific stocks. Additionally, the Fund may invest a significant portion or all of its assets in Small Cap ETFs during periods when the Adviser believes that the stocks identified by the Adviser’s analysis are likely to underperform the broader small cap market.

The Adviser will sell a security from the Fund’s portfolio under one or more of the following circumstances:

- A material change in the company’s structure or management;
- A material change in the industry or economic factors affecting that industry;
- A position has grown to an unacceptable weight;
- Earnings momentum has decreased from previous estimates; or
- The security’s price has become overvalued by 20% or more based on the Adviser’s proprietary cash flow models.

For more information regarding the Fund’s investment strategy, please read the prospectus for the Fund.

As described more fully in the Trust’s prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value (“NAV”) only in large blocks of 50,000 Shares (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at www.alphamarkadvisors.com.

DELIVERY OF A PROSPECTUS

BX members and PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund.

Prospectuses may be obtained through the Fund’s website. The prospectus for the Funds does not contain all of the information set forth in the Fund’s registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and

regulations of the Securities and Exchange Commission (“SEC”). For further information about the Fund, please refer to the registration statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, BX Equity Rules 4420 and 4421, and PHLX Rule 803 require that members and member organizations, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund.”

Any BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to BX members and PHLX members or member organizations under this rule.

Upon request of a customer, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the “Act”) regarding trading in the above mentioned exchange-traded Fund.

REGULATION M EXEMPTIONS

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing

Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC RULE 14E-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and

- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SECTION 11(D)(1); SEC RULES 11D1-1 AND 11D1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC RULE 15C1-5 AND 15C1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
