### BACKGROUND INFORMATION ON THE FUND

The Cambria ETF Trust (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the Dhandho Junoon ETF (the “Fund”). The shares of the Fund are referred to herein as “Shares.” Cambria Investment Management, L.P. (the “Adviser”) serves as the investment adviser to the Fund.

The Fund seeks investment results that correspond (before fees and expenses) generally to the performance of its underlying index, the Dhandho Junoon Index (the “Underlying Index”).

The Fund will seek investment results that correspond (before fees and expenses) generally to the performance of the Underlying Index. The Underlying Index utilizes a proprietary, rules-based methodology developed by Indxx LLC (the “Index Provider”) to select approximately 100 U.S. equity securities, master limited partnerships (“MLPs”) and American depositary receipts (“ADRs”) listed on the New York Stock Exchange (“NYSE”), NYSE Arca, Inc. (“NYSE Arca”) and the NASDAQ Stock Market from three categories of issuers—“Share Buyback,” “Spin-off” and “Select Value Manager Holdings.”

To qualify for the Share Buyback category, issuers must have repurchased between 1% to 26% of their shares outstanding during the trailing 12 month period measured one quarter preceding the Underlying Index’s rebalancing date and have a market capitalization of at least \$1 billion. The securities from this universe are then ranked from highest to lowest based on the percentage of shares repurchased and the 33 issuers with the highest such percentages are selected for inclusion in the Underlying Index.

To qualify for the Spin-off category, issuers must have been spun-off from their parent companies in the past one to seven years and have a market capitalization of at least \$500 million. The securities from this universe are then ranked based on how recently the spin-off occurred and the 25 to 33 issuers with the most recent spin-off dates are selected for inclusion in the Underlying Index.

To qualify for the Select Value Manager Holdings category, issuers must have been held by one of 22 selected value hedge funds during the preceding quarter as reported on their Form 13F filings, and the issuers must have a market capitalization of at least \$1 billion. The securities from this universe are then grouped by hedge fund and ranked within each group from largest position to smallest position held by each hedge fund. The 34 issuers with the largest position in the hedge funds are selected for inclusion in the Underlying Index, subject to a predetermined limit per hedge fund. During reconstitutions, the hedge funds will be selected by an independent investment committee based upon the committee's selection criteria including, that the hedge fund must have (i) at least five years of Form 13F filings, (ii) assets under management of at least \$500 million, and (iii) an increase in assets under management at least equal to the Consumer Price Index in the last 12 months. The independent investment committee reserves the right to use qualitative judgment to include, exclude, adjust, or postpone the inclusion of a stock in the Underlying Index in rare and extraordinary circumstances.

Initially, the Underlying Index allocated its exposure 75% to the Share Buyback category, 5% to the Spin-off category and 20% to the Select Value Manager Holdings category and the constituents were equally-weighted within each category. At each quarterly rebalance, proceeds from any corporate actions, dividends and sales of securities, are allocated as follows:

Share Buyback- 35% is invested in constituents that are more than three years old in the category; 35% is invested in constituents that are two to three years old in the category; and 30% is invested in new constituents that enter the category during the rebalance. The proceeds are allocated among the constituents equally within each group;

Spin-off-50% is allocated to existing category constituents and 50% is allocated to new category constituents. The proceeds are allocated among the constituents equally within each group;

Select Value Manager Holdings-100% is allocated equally among new category constituents. If there are no new constituents, proceeds are allocated equally among the existing constituents;

The Fund will normally invest at least 90% of its net assets in securities that comprise the Underlying Index. The Fund expects to employ a replication strategy in seeking to track the performance of the Underlying Index. This means that the Fund will typically seek to invest in substantially all of the components of the Underlying Index in approximately the same weights as they appear in the Underlying Index. If the Fund is unable to fully replicate the Underlying Index, it will use a representative sampling strategy. When sampling, the Fund may invest up to 20% of its total assets in securities and other instruments not included in the Underlying Index, but which the Adviser, believes will help the Fund track the Underlying Index. In addition, the Fund will normally invest at least 80% of its total assets (excluding securities lending collateral) in securities that comprise the Underlying Index and depositary receipts that represent component securities of the Underlying Index.

To the extent that the Underlying Index concentrates (i.e., holds 25% or more of its total assets) in the securities of a particular industry or group of industries, the Fund is expected to concentrate to approximately the same extent. The Fund is non-diversified, and, therefore, may invest a greater percentage of its assets in a particular issuer in comparison to a diversified fund.

Please read the Fund's prospectus for more information regarding its investment objectives.

As described more fully in the Trust's prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value ("NAV") only in large blocks of 50,000 Shares (each, a "Creation Unit"). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or "ET") of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund's Shares. For a more complete description of the Fund and the underlying Index, visit the Fund's website at [www.dhandhoetfs.com](http://www.dhandhoetfs.com).

In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

### **EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Fund.

## REGULATION M EXEMPTIONS

Generally, Rules 101 and 102 of Regulation M prohibit any “distribution participant” and its “affiliated purchasers” from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund’s securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

## CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

## SEC RULE 14E-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

## SECTION 11(D)(1); SEC RULES 11D1-1 AND 11D1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

## SEC RULE 15C1-5 AND 15C1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief

Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
